

Parking Made Easy at the Louisville Lexington Regional

2018 This year the parking at Horseshoe Casino will be a little different than in years past. The parking garage is closed, so Horseshoe is offering “Free Valet” services for people who would like to take advantage of this opportunity. (Tipping is not required). Look for the big white sign that says “Valet Parking”. This will be just past the old entrance to the parking garage on Highway 111, and you will turn right and follow the signs to the valet parking.

If you choose to park your car yourself, take the first right off highway 111 when you arrive at Horseshoe, and follow the signs to the Hotel Parking Garage. Park your car on any level you like. There are elevators that will take you to the showroom (where the tournament is being played) in the pavilion. If you park on the top floor of the hotel parking garage, you will enter on the floor where the showroom is located. There are moving sidewalks, and the horseshoe will be providing shuttle service between the hotel, at the doors to the upper level hotel parking garage, and the elevators from the hotel parking garage.
